

Hello, everyone!

Thank you for participating in this year's in-house Girls' PRYB program!

My name Leslie Straub, and I will be coordinating this year's PRYB Girls' In-House program for 2nd through 6th grade girls. This program will be held every Tuesday, starting on November 16th until February 22nd. \*\*There will be NO sessions held when school is closed, including snow days. (No practice on 12/28 due to winter break)

The main purpose of the program is to build strong fundamentals for the game as well as to HAVE FUN!!! All practices and games will be held at Eden Hall. You may enter the building through the "S" doors. These doors must be always locked. We CANNOT leave or prop the door open. Not only is leaving the door open unsafe but may cause additional costs to you since the youth center may have to hire a custodian to man the door. In this day and age, safety is of paramount importance, so please adhere to this sometimes-frustrating rule.

For the first two Tuesdays in November, we will have skill development clinics conducted by Mike Manganello. For both dates, November 16th and 23rd, Session 1 will run from 6pm until 7pm ONLY for girls in 2nd, 3rd or 4th grades. Session 2 will run from 7pm until 8pm for girls in 5th and 6th grades. During these clinics, players will be evaluated by the volunteer coaches to help devise teams with equal abilities. The coaches will then meet from 8-9 pm on the 23rd to draft the teams.

After the November 23rd skills clinic, you will be notified of your child's team and further details regarding the remaining schedule for team practices/games. Typically, the younger players (2nd/3rd/4th graders) have the earlier session (6-7:30) followed by the session for the older girls that will run from 7:30-9).

\*\*We need coaches....If anyone is interested, please let me know ASAP.

The general rules and league highlights may be found via the PRYB website: <https://www.pryc.org/pryb>

The girls will need a reversible green and white jerseys for the season, which can be purchased at the PRYC office, 724-443-3796. Also, girls should have a basketball (size 28.5), a good pair of basketball shoes (to be worn inside only) and should bring a water bottle.

If you have any questions/concerns or would like to utilize an alternative email, please do not hesitate to contact me.

We expect a fun season, as in the past! We thank you and look forward to seeing you soon!

Have a great rest of the week,  
Leslie Straub
